

Certified Oracle Primavera Training and Consulting

Nevoda Planet LLC provides Oracle Primavera training on all versions of Primavera Project Management software. We are experts in the progression from Primavera Project Planner (P3) through all of its upgrades changes; the latest being Oracle Primavera 8.4.

Our value to you is the attention each student receives in learning the Primavera application. Our small classes ensure that you get all of the individual attention you need to learn and gain confidence in Primavera P6. Many students already know their jobs and applications, but the need to communicate the current status and projected requirements to complete tasks and jobs through Primavera provides a pathway to career enhancement.

We primarily work with Primavera applications in turnaround/maintenance jobs and construction. But, in the last several years we have worked with companies in custom manufacturing. These activities require in depth knowledge of Primavera P6 to set up and use its tremendous repertoire of scheduling tools and capabilities.

Nevoda Planet Services

- **BESIDES PRIMAVERA TRAINING, WE PROVIDE THREE MAIN SERVICES**

Primavera Installation

Many IT Departments can handle the Primavera installation themselves. However, Primavera installations require application administration to set up the Organizational Breakdown Structure, the Enterprise Project Structure and user permissions. We have the background and expertise to get your installation up and running on firm footing.

Consulting

We are available for consulting on Primavera related issues. Such things as modifying schedules, creating reports and troubleshooting schedule problems are examples of how customers use us.

Scheduling

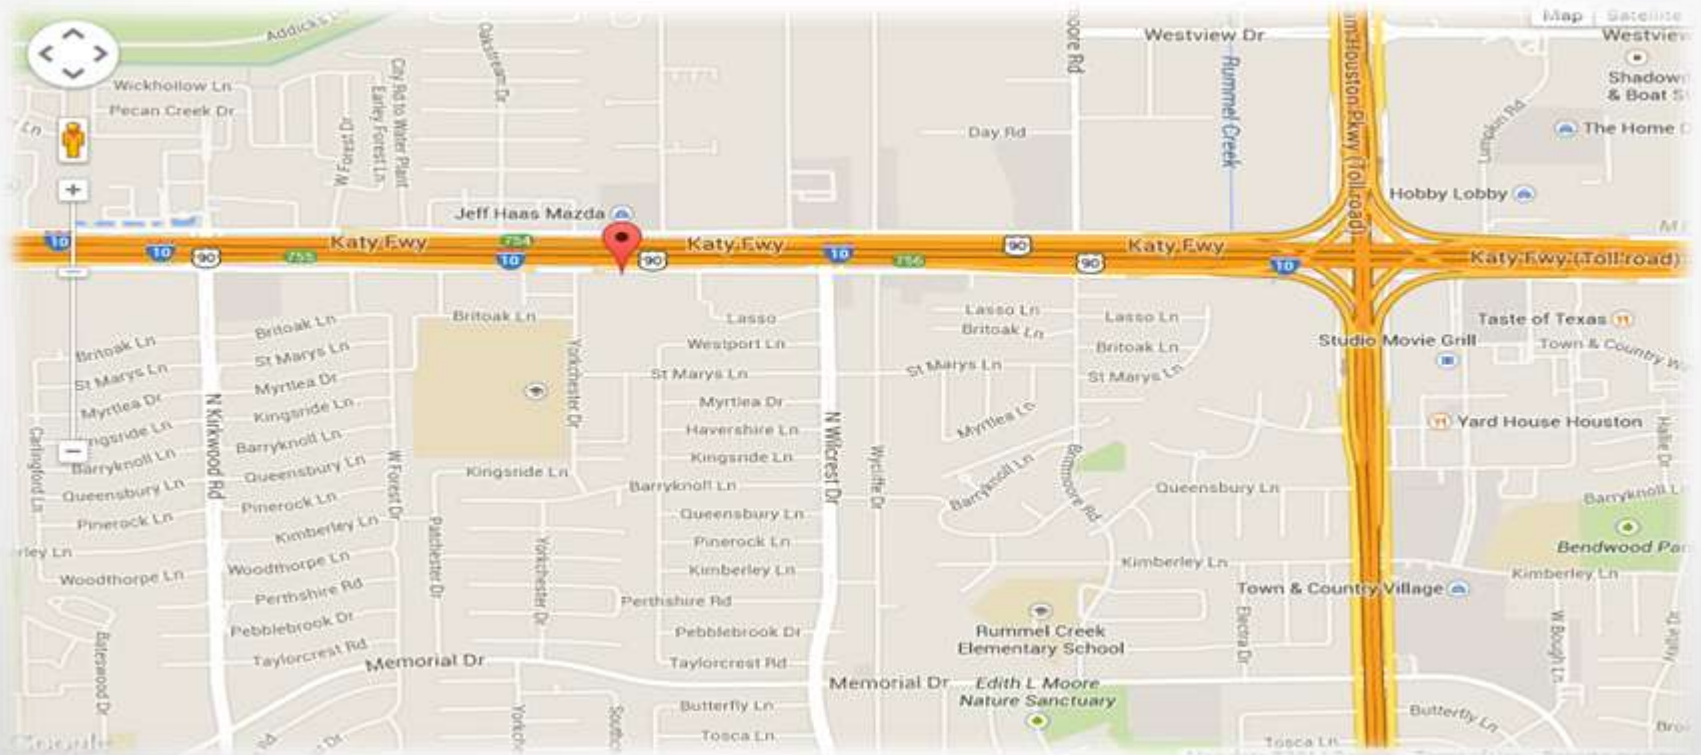

We provide scheduling services for companies who do not need full-time schedulers. We also provide contract schedulers for construction and turn around and maintenance projects. We have many talented schedulers to draw on for these needs.

Houston Map

We are located reside in the same building as the Texas Health in the middle of Houston's energy corridor.

Coming from the West: We recommend exiting at Kirkwood, not Wilcrest. It is not easy to get across four lanes of traffic in the morning during rush hour, and we consider it unsafe..

Coming from the East: Exit Kirkwood an uturn back to 11211 Katy Freeway.

Nevoda Planet Business Policies

CLASS DECORUM, CREDIT CARDS, AND CANCELLATION POLICIES AND OUR TRUE COMPANY POLICY - DO THE RIGHT THING

For Nevoda Planet LLC, Primavera training is a relationship business. Unlike retail, where the transaction is usually the end of current business, for us it is the beginning. We still have to perform in the classroom with the students or with customers when we install, consult, or schedule. We try our very best to ensure quality service and a good business as well as a personal relationship. We try our very best to ensure quality service and a good business as well as a personal relationship. We want to meet your expectations. We try our very best to ensure quality service and a good business as well as a personal relationship. We want to meet your expectations.

Credit Card Security

- ☐ *Nevoda Planet adheres to Payment Card Industry Data Security Standards (PCI DDS). Once a year we submit our policies to our credit merchants.*
- ☐ *We keep no credit card information. After a credit card transaction is completed, the numbers are removed from our systems.*

Class Policy

Payment is expected ten days prior to taking the course. If payment is not received, the student may be cancelled from the course. We reserve the right to cancel any course at any time and refund the full purchase price of the course. Nevoda Planet will not be held liable for airfare, lodging or any other related expenses on cancelled courses. While this may seem harsh, we have only cancelled one class in the last three years and no travel expenses were involved. Please direct questions to the training coordinator or email cmeeking@nevoda.com.
